

GAUDÍ
SOFA
OUTDOOR
design Matteo Nunziati
2021

The sofa is available in two measurements, a larger one and a more compact version in terms of length and depth. The absolute protagonist is iroko heartwood (with a natural, coffee-brown or grey-stained finish) that ensures excellent performance when used outdoors and, thanks to its natural curves, it defines the shape of the project. Starting with the feet, wood continues to the armrests and the backrest, creating a sinuous structure to support the soft upholstery and cushions. The totally removable cover is available in a wide range of fabrics and colours that were specifically designed for outdoor use. A cover in waterproof and breathable polyester fabric allows the sofa to be kept in good conditions when not in use and it protects it from atmospheric agents and from the effects of sunlight.
